

NS5B polymerase inhibitors (cont.)

(i) Boceprevir

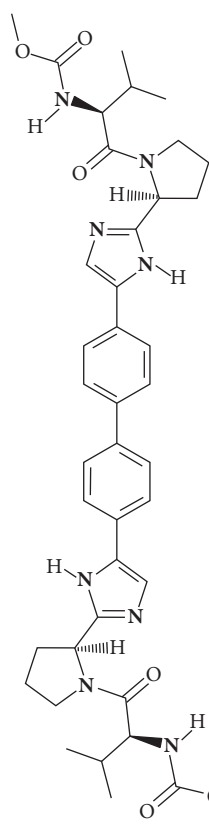

(National Center for Biotechnology Information, PubChem Compound Database, CID = 56640146.)

NS5A inhibitors

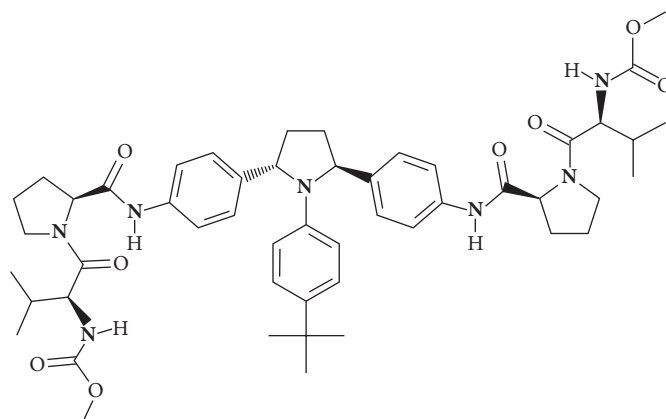

(j) Ledipasvir

(National Center for Biotechnology Information, PubChem Compound Database, CID = 67505836.)

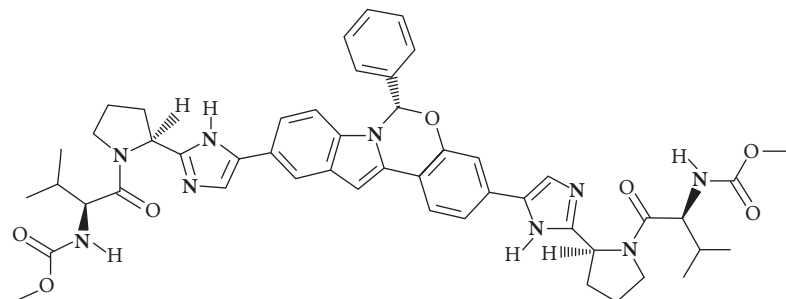

(l) Daclatasvir

(National Center for Biotechnology Information, PubChem Compound Database, CID = 25154714.)

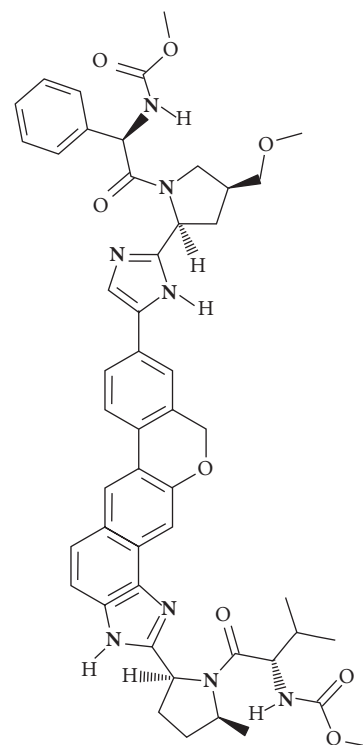

(k) Ombitasvir

(National Center for Biotechnology Information, PubChem Compound Database, CID = 54767916.)

(m) Elbasvir

(National Center for Biotechnology Information, PubChem Compound Database, CID = 71661251.)

(n) Velpatasvir

(National Center for Biotechnology Information, PubChem Compound Database, CID = 91885554.)
