
6 Drug Stability

Pranab K. Bhattacharyya

CONTENTS

Introduction.....	140
Why Stability for Generic Drugs?.....	140
Terminology.....	141
API Stability.....	141
Pharmacopeial and Nonpharmacopeial APIs.....	141
Specifications and Test Methods.....	142
FDA and ICH Guidelines.....	143
Issues for Multisource APIs.....	143
Method Validation.....	144
Shelf-Life Development and Assignment.....	144
Packaging.....	145
Shipment.....	145
Intermediates for Drug Products.....	145
Specifications.....	146
Holding Time.....	146
Drug Product Stability.....	146
Pharmacopeial and Nonpharmacopeial Products.....	147
Specifications and Test Methods.....	147
Method Validation.....	148
FDA and ICH Guidelines.....	148
Stability Protocol.....	149
Shelf-Life Development.....	150
Action Limits.....	150
Expiration Date Assignment.....	151
Annual Stability.....	152
Extension of Expiration Dating Period.....	152
Bulk Holding.....	152
Bracketing.....	153
Matrixing.....	154
Controlled Room Temperature.....	156
Stability of Products Containing Iron.....	156
Reprocessing and Reworking.....	157
Packaging.....	157
Shipment.....	158
Controlled Drugs.....	158
Storage Requirements for CI to CV Drugs.....	158
