

Setting Up a Microscopy Lab

Introduction	76
Categories of Light Microscopes	76
The Stereo Microscope	76
The Compound Microscope	77
Basic Systems of Compound Microscopes	78
Components of a Compound Microscope	78
Specialized Equipment for Use in Botanical Microscopy	82
Polarization	82
Drawing Tube	85
Photomicrography	86
Requisite Supplies for Botanical Microscopy	87
Microscope Slides	87
Microscope Cover Slips	89
Blades for Sectioning	89
Tools Used in Handling Samples	89
Heat Source	89
Reagent Bottles	89
Electron Microscopy	90
Conclusion	92
