

Structures of the Primary Plant Body and Basic Plant Anatomy

Introduction	104
Basic Plant Structures	104
Subterranean Organs	104
Stems	104
Leaves	104
Flowers	104
Fruits	108
Seeds	108
Basic Plant Anatomy	108
Cell Structure and Contents	110
Cell Shape	110
Cell Wall Structure	110
Nonprotoplasmic (Ergastic) Cell Contents	112
Crystals	112
Storage Substances	113
Starch	113
Proteins	114
Lipids and Fixed Oils	115
Mucilage	115
Volatile Oils	115
Tannins	118
Inulin	120
Major Tissue Types of Vascular Plants	120
Conclusion	123
References and Bibliography	128
