

Organization of Tissues in Medicinal Plant Parts

Introduction	158
Roots	158
Roots of Monocots	158
Primary Roots of Dicots and Gymnosperms.	158
Secondary Roots of Dicots and Gymnosperms.	159
Identification of Roots.	159
Stems	160
Stems of Monocots	161
Primary Stems of Dicots and Gymnosperms	161
Secondary Stems of Dicots and Gymnosperms	163
Identification of Stems, Stolons, and Rhizomes	165
Stems	165
Stem, Tree, and Root Barks	166
Identification of Bark	167
Leaves	167
Identification of Leaves.	167
Flowers.	171
Pollen.	171
Identification of Floral Parts	174
Fruits	174
Seeds	174
Identification of Fruits and Seeds	174
References and Bibliography	178
